Enrollment Form

CTA Voluntary
Retirement Plans
for Educators, LLC

Because your CalSTRS pension will only cover about half of the income you will need in retirement, CTA has created a retirement savings plan to help you make up the difference.

One of the smartest things you can do is to start your savings plan as soon as you are able.

If you start saving at (age), your tax-deferred savings can multiply with the power of compound interest.

Your Investment Options

When you sign up for the CTA Plan you will be automatically enrolled into a LifePath target date fund that corresponds to your age.

A target date fund is a mix of investments that automatically adjusts over time to help make sure you have a diversified portfolio.

If you have the time, interest, and knowledge to research your own investment options and create your own portfolio, the CTA Plan offers a variety of fund options available at enroll.CTaretirementplan.org.

You can change your investment selection at any time.
