

There are many incentives to maintaining your CTA membership, and the CTA Death & Dismemberment Plan is certainly no exception. The CTA Death & Dismemberment Plan provides a life insurance benefit that increases with each year of continuous CTA membership, until the maximum benefit is reached after ten (10) continuous years. This benefit is provided by the CTA Economic Benefits Trust, which was established by the CTA Board of Directors to fund the program.

The Plan currently pays a one-time Death Benefit of up to \$2,000, and a one-time Accidental Death and Accidental Dismemberment Benefit of up to \$10,000. The benefit increases to a \$50,000 payment should the death or dismemberment result from an accident or assault which occurs while you are actively engaged in your occupation or while you are acting in the capacity of an Association Leader.* For more details, see the back of this brochure.

Coverage under the Plan and eligibility for benefits ends on the date a person ceases to be an Eligible Member* of CTA. In cases where an Eligible Member's CTA membership has inadvertently lapsed, including due to a leave of absence, coverage shall continue until the end of the plan year.

We recommend that you keep a copy of this brochure with your important papers and documents. This is only an informational brochure and not a complete description of the Plan.
