## CTA GUIDE TO DEATH BENEFITS

As a CTA leader or member, you may be called upon to assist the family of a member who is deceased. During this difficult time, a surviving spouse or beneficiary may need assistance in filing for life insurance or death benefits. The CTA Member Benefits Department has prepared this newsletter to help you with these tasks.

Listed below is a review of the CTA Member Benefit plans, the NEA Complimentary Life Insurance plan and a listing of other agencies to contact when a CTA member dies.

### Important Tips

- **Update your beneficiary forms as needed and, if you are a leader, remind members to do the same.**
- Insurance policies and plans have **filing deadlines** (usually one year from the date of death or accidental loss) for claims. You must meet these deadlines to receive benefits.
- Insurance companies and plans will require a **certified death certificate** (photocopies are not acceptable). Ask for more than one copy.
- You can obtain additional certified copies of death certificates from the Vital Records Division of your county's Health Department.
- Insurance companies and plans pay benefits in accordance with their **Summary Plan Description(s) (SPDs) or other plan documents.**
- If a beneficiary is not specifically listed, the SPDs or plan documents will determine who receives the benefit.
- **Keep copies** of all SPDs, plan documents and beneficiary registration forms with your financial records in a secure place. This way, if the surviving spouse or beneficiary is faced with a member's untimely death, they will know whom to contact for benefits.

Remember to keep a copy of the beneficiary form for your own records.
